1 INTRODUCTION AND APPOINTMENT

Tony Leonard Maginness and Peri Micaela Finnigan, Insolvency Practitioners, of Auckland, were appointed joint and several liquidators of Natural Insulation (NZ) Limited ("the company") on 24 June 2013. On 18 December 2015, Tony Leonard Maginness resigned his position as liquidator, appointing Boris van Delden as his successor.

Pursuant to Section 255(2)(d) of the Companies Act 1993 ("the Act"), the liquidators are reporting on the progress of the liquidation. This twelfth report should be read in conjunction with the liquidators' previous reports. This report is being sent to all shareholders and all creditors who have filed a claim in the liquidation.

A Statement of Realisations and Distributions is **attached**.

2 RESTRICTIONS

Whilst all care and attention has been taken in compiling this report, we do not accept any liability whatsoever to any party arising from the circulation, publication, reproduction, or use of this report.

We reserve the right (but are under no obligation) to review and, if we consider necessary, revise this report in respect of any information existing as at the date of this report but that becomes known to us after that date.

3 CONDUCT OF THE LIQUIDATION DURING THE PRECEDING SIX MONTHS

Asset Realisations

3.1 Bank Account Closure and Cash On Hand

There was \$50 in the company's bank account as at the date of liquidation and \$10 cash on hand. These sums were recovered by the liquidators.

3.2 Trade Debtors

\$149,115 was recovered from trade debtors. All recoverable trade debts have been recovered.

3.3 Interest

\$1,265 in interest has been earned on funds held.

3.4 Franchise Fees

\$598 in franchise fees were recovered from the company's franchisees.

3.5 Fixed Assets

\$45,672 has been realised from the sale of fixed assets at auction, made up of \$30,107 from the sale of plant and equipment and \$15,565 from the sale of vehicles. Most of the plant and equipment was highly specialised to the insulation industry; the industry was facing a downturn when the assets were sold. No further fixed asset realisations are anticipated.

3.6 Inventory

\$618 was realised from the sale of inventory at auction. No further inventory realisations are expected.

4 INVESTIGATIONS

The liquidators' investigations into the books, records and affairs of the company remain ongoing.

The liquidators have investigated the actions of the company's directors and have written to the directors about matters of concern arising prior to the company's liquidation. As the liquidators do not want to prejudice their position, no further details are being provided at this time.

5 CREDITORS' CLAIMS

5.1 Secured Creditors

A secured claim of \$10,167 was received from Marac Finance Limited in relation to security held over certain plant and vehicles. Subsequent to the realisation of the security, the liquidators made a distribution of \$6,175. As at the date of this report, Marac Finance Limited's security has been discharged.

BMW Financial Services held security over a vehicle. Subsequent to the realisation of the security, the liquidators made a distribution of \$12,125. A balance of \$6,187 remains owing to BMW Financial Services. As at the date of this report, BMW Financial Services' security has been discharged.

A claim of \$110,950 was received from Autex Industries Limited, who held specific security over stock supplied and its proceeds. The liquidators have paid a distribution of \$25,716, after completing a tracing exercise into the creditor's secured entitlement in trade debtors collected. As at the date of this report, Autex Industries Limited's security has been discharged.

5.2 Preferential Creditors

The liquidators received employee claims totalling \$10,797. The employee claims have been paid in full.

The liquidators have paid a distribution of \$16,942 to three claimants in accordance with clause 1(1)(e) of the Seventh Schedule of the Companies Act 1993. The distributions relate to assistance provided to the liquidators in relation to the recovery of assets owned by the company.

The Inland Revenue Department has submitted a preferential claim for \$94,277. No distribution has been paid to the Inland Revenue Department as at the date of this report.

The liquidators have received two other preferential claims totalling \$45,650. Because these claims rank after the Inland Revenue Department's preferential claim and in the interest of minimising liquidators' fees, the liquidators will not attend to the formality of accepting or rejecting these creditors' claims until such time as we are in a position to pay a distribution.

5.3 Unsecured Creditors

As at the date of preparing this report, 53 unsecured creditors' claims have been received totalling \$913,714.

In the interests of minimising liquidators' fees, the liquidators will not attend to the formality of accepting or rejecting creditors' claims until such time as we are in a position to pay a distribution.

6 FUNDS / LIKELY OUTCOME

The company had no further immediately realisable assets. Whether any further distribution to creditors is made is dependent on whether the liquidators are able to make any recoveries from actions taken, based on the findings of the liquidators' investigations.

It is too early to determine whether there will be any distribution to creditors.

7 MATTERS DELAYING THE COMPLETION OF THE LIQUIDATION

The following matters are outstanding:

- Completion of investigations and associated recovery action
- Completion of liquidation

8 ESTIMATED DATE OF COMPLETION

It is too early for the liquidators to estimate the date of completion of this liquidation.
