1 INTRODUCTION AND APPOINTMENT

Iain McLennan and Peri Micaela Finnigan, accredited Insolvency Practitioners, of Auckland, were appointed as joint and several liquidators of SANZ Cars Limited ("the company") on 22 February 2018 by shareholder special resolution.

Pursuant to Section 255(2) (d) of the Companies Act 1993 ("the Act"), the liquidators herewith report on the progress of the liquidation. This fourth report should be read in conjunction with the liquidators' previous reports. This report is being sent to all shareholders, and all creditors who have filed a claim in the liquidation.

A Statement of Realisations and Distributions is **attached**.

2 RESTRICTIONS

Whilst all care and attention has been taken in compiling this report, we do not accept any liability whatsoever to any party as a result of the circulation, publication, reproduction or use of this report.

We reserve the right (but are under no obligation) to review and, if we consider necessary, revise this report in respect of any information existing at the date of this report which becomes known to us after that date.

3 CONDUCT OF THE LIQUIDATION DURING THE PRECEDING SIX MONTHS

Asset Realisations

The company had ceased trading, and all assets recovered by the secured creditor prior to liquidation. There were no accounts receivable, and the company had no assets that were not subject to third party security. The secured creditor's sales process was reported to us on all realisations. A shortfall remains owed to the secured creditor.

We found an imported and unregistered motor vehicle subject to the wholesale supplier's security. A local repairer claimed a repairer's lien but had not actually repaired the car. We completed economically viable repairs to get the car through NZTA compliance and registration, and make it saleable. However since the vehicle had not been fully repaired (by the above repairer) it had to be sold on a damaged goods auction and barely covered costs incurred.

4 INVESTIGATIONS

The liquidators have completed their investigations into the affairs of the company. There were no matters that came to the knowledge of the liquidators that could eventuate in a benefit to creditors.

5 CREDITORS' CLAIMS

5.1 *Preferential Creditors*

The Inland Revenue Department has submitted a preferential claim for \$17,205.

5.2 *Unsecured Creditors*

As at the date of preparing this report seven unsecured creditors claim forms have been received totalling \$34,340. To minimise liquidators' fees, the liquidators will not attend to the formality of accepting or rejecting creditors' claims until we are able to pay a distribution.

6 FUNDS / LIKELY OUTCOME

It is unlikely there will be any distribution to any class of creditor.

7 MATTERS DELAYING THE COMPLETION OF THE LIQUIDATION

There is a small claim that could realise funds.

8 ESTIMATED DATE OF COMPLETION

We have completed our duties and will move to finalise the liquidation.
