1 INTRODUCTION AND APPOINTMENT

Trigger Happy Limited ("the company") was placed into liquidation by a special resolution of the shareholders pursuant to Section 241(2)(a) of the Companies Act 1993 ("the Act") on 18 October 2016. Peri Micaela Finnigan and Boris van Delden, CAANZ Accredited Insolvency Practitioners, were appointed as joint and several liquidators of the company.

Pursuant to Section 255(2)(d) of the Companies Act 1993 ("the Act"), the liquidators herewith report on the progress of the liquidation. This third report should be read in conjunction with the liquidators' previous reports. This report is being sent to all shareholders, and all creditors who have filed a claim in the liquidation.

A Statement of Realisations and Distributions is **attached**.

2 RESTRICTIONS

Whilst all care and attention has been taken in compiling this report, we do not accept any liability whatsoever to any party as a result of the circulation, publication, reproduction or use of this report.

We reserve the right (but are under no obligation) to review and, if we consider necessary, revise this report in respect of any information existing at the date of this report which becomes known to us after that date.

3 CONDUCT OF THE LIQUIDATION DURING THE PRECEDING SIX MONTHS

Asset Realisations

3.1 Account Closure

We have recovered the balances of the company's bank accounts.

3.2 Sale of Equipment

We have recovered certain key equipment and electronic backups containing code related to the company's intellectual property, from a New Zealand based company which had custody of the same. We will retain this equipment pending the possible realisation of the company's intellectual property.

We have sold the company's remaining equipment by public auction, the proceeds and costs of which are detailed in the attached Statement of realisations and distributions.

3.3 Sale of Intellectual Property

The company has certain patents which we are working towards realising. Since our last report, the US patent attorneys who we have funded to seek approval for the company's last pending patent application, were unsuccessful. Submission of a new patent application has been put on hold pending further discussion with stakeholders. The company's other key patent has been approved.

In line with recent market shifts and advancement in tablet and smart phone applications, we have been advised that the company's technology is more likely to be incorporated into augmented and virtual reality applications rather than as a component in the company's original "Toon Hero" application. Certain industry leaders are assisting us, and may be successful in finding purchasers for the company's technology along with their own. We intend to keep the liquidation running to give them sufficient time to explore all options with prospective overseas purchasers.

3.4 Sundry Receipts

We have recovered sundry receipts as detailed in the attached Statement of realisations and distributions.

4 INVESTIGATIONS

We have completed our investigations into the trading affairs of the company prior to liquidation, and no matters have come to our knowledge that require further investigation or action on our part.

5 CREDITORS' CLAIMS

5.1 Secured Creditors

No Secured creditor claims have been received during the course of the liquidation.

5.2 Preferential Creditors

No preferential claims have been received during the course of the liquidation.

5.3 Unsecured Creditors

We have received one claim of \$100,000 in respect of funds advanced to the company shortly prior to its ceasing to trade in 2014.

6 FUNDS / LIKELY OUTCOME

We anticipate further recoveries and distributions in the following six-month period, and as we have received no secured or preferential creditor claims, if there are sufficient realisations, then any distributions will be made to the unsecured creditor and/or the company's shareholders.

7 MATTERS REMAINING

The following matters are outstanding:

- Realisation of company intellectual property.
- Further distributions to creditors if any.

8 ESTIMATED DATE OF COMPLETION

It is impracticable to estimate a date for completion of the liquidation.
